May 2024 Presidents Message

Greetings & Hello LHRW. Welcome to the Merry Month of May. Almost. May is a busy month with a lot of special days and events. Mother's Day is Sunday May 12. Memorial Day is Monday May 27. A day to honor, remember and mourn for those who gave their all and the ultimate price serving our country. Something we should do every day as well as support our Gold Star families. I think that is something this city does very well. We are a very patriotic city, and it is wonderful to always see the support this community gives to our veterans. Those that are here as well as those that will never be forgotten. Including our very own LHRW club support of our Havasu Military Moms each month and throughout the year. Another special Day in May is May 13. The Night of Excellence. A night that our club will present the scholarships to four very deserving young ladies at LH High School. More details of this special night in our Caring for America report below. May is also a month that it starts to heat up in Havasu. And heat up as well for the candidates that are running for the various offices in the city, county and the state. Congratulations to all that turned in your signatures and are on the ballot. Believe it or not that is not always an easy task. I know there are a lot of people that are not aware that running for an office is not that easy. First to even get on a ballot they must have hundreds of signatures and in some races, it can be in the thousands. And it can be very tricky as well if it's a partisan or nonpartisan seat. Quite interesting but for the candidate quite daunting and a lot of work. So kudos to all those that decide to run and be involved. Something else candidates need is help with campaigns. They can't do it alone. And again, it doesn't matter if it's your local candidate, county or state. Get out there and help. There are many ways you can be involved. Have a Meet & Greet with your friends or neighbors. Put up door hangers in your neighborhood. Help them put up signs around the city. Whatever it takes to help get them elected. Especially if that's the candidate of your choice. And you know what? It can be fun. And if you do have a Republican candidate, favorite or not, don't do anything to negatively hurt that candidate. We are Republicans. It's high time we start coming & sticking together. Our lunch meetings continue to grow with new members and even those that want to come hear our speakers then decide I want to join this club. And remember the LHRW are members of the Lake Havasu Chamber of Commerce. As a member of our club, you are entitled to join them at their monthly chamber mixers held on the 3rd Thursday of the month. As a member the cost to attend is only \$5.00. Another great way to meet our local businesses and share information. We will be sending out email reminders to let you know where the meetings will be held. Or you can go to the Lake Havasu Chamber's website for more information. Remember to get those reservations early for our next meeting. It will be another great one. And as always Thank You for the wonderful support of our club.

Best Regards,
Carol Pruett

As of the printing of this newsletter we have 123 Regular, 21 Associates, 9 Patrons (6 Regular and 3 Associates) for a total of 153 members.

New Members: D. Georgeann Hoover - Patron, Lynn Rowe, Jill Irwin - Regular.

With any organization the best way to belong is to get involved. We all live busy lives and all have different talents so sometimes you need to try a few volunteer opportunities out to find the one that fits your schedule and talents. Here are some of the areas that we could

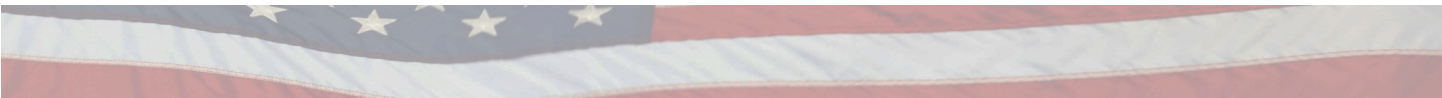

Right: Joan Dzuro 3rd V.P., Membership, and on left assistant Sonnie Faires

use help in our club:

*Legislation Committee – This committee reviews State and Federal legislation that is being considered, gives our members a summary of the legislation at our meetings and in the newsletter so that we can contact our legislators and let them know if support the bill or not.

*Caring for America – This committee has many facets to it. They help with our food drives, PJ's for our foster children, our monthly gift baskets, setting a schedule for us to ring the bells for the Salvation Army around Thanksgiving/Christmas, Christmas gifts for our forgotten seniors at Christmas, and several more. We need volunteers that will help organize a project, inform our members how to help, and make sure the items get to the appropriate locations. In most cases we are talking less than 5 hours work.

May 2024 Membership Report—continued

*Membership - This committee accepts applications, orders badges, conducts new member orientations and works to make our new members feel at home.

*Military Moms - We have a bucket each month that we pass around and gather money that goes to this program which gives support for families of men and women in the Armed Forces.

If you have an interest in any of these committees please contact me, Joan Dzuro at jdzuro@msn.com, and I will have the chairs of these committees contact you. They can explain the processes and the time needed.

Article on Squatters, submitted by member Joan Dzuro

SQUATTERS IN ARIZONA

There have been numerous stories over the past few weeks of squatters in other states taking legitimate homeowners homes away from them while they are gone for a month or more. This has caused concerns among our club members. I hope this information that has been gathered is helpful in putting to rest what squatters are allowed to do and not do in Arizona, specifically Lake Havasu City.

First, why allow squatters at all. Virtually every state in our union has squatter laws which was meant to allow people to take over abandoned property in rural areas and revitalize them, thus reducing blight in the area. Each state differs on what time frames you have to possess the property and what requirements you have to fulfill. I am not an attorney but in the resources I could read it appears in Arizona someone needs to have possession of a property for from 2 to 5 years, they must maintain and make improvements to the property, they must pay the property taxes on the property while there. There is then a procedure that has to be followed in order to get a deed to the property and be allowed to have full ownership.

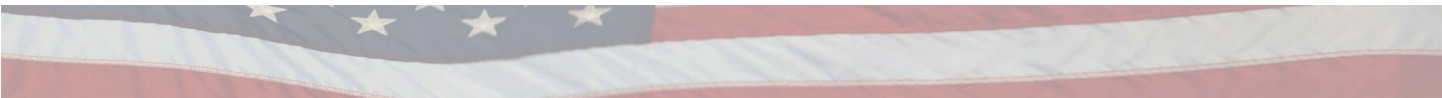

Our AZ Representative Leo Biasiucci is trying to strengthen these laws by adding language that would make it legal for a property owner to remove a squatter immediately. It allows law enforcement to assist in the removal if the squatter's do not leave upon the request of the property owners and they can be charged with trespassing, damage, theft, or any other crime that has been committed by the squatter. The bill number is SB1129 if you would like to read the exact text.

Due to our weather in the summer and the number of seasonal residents we have people are concerned they go away for a few weeks, come home and someone has their home. Not so in Lake Havasu City. If you come home and someone is living in your home without your authority call our local police department and report their unauthorized occupancy of your home. This would fall under either criminal trespassing or criminal burglary (both felonies) and the police can arrest them on the spot and take them to jail to stand trial for this offense.

There are things you can do to protect your properties from squatters, especially vacant land that you own: check on your property or have someone you trust regularly check on your property, if there are buildings on the property make it appear someone is living there (lights go on and off, have someone randomly go and check inside the property, don't let papers or door hangers or mail pile up in front of the house).

We are blessed to live in a state that takes our property owner rights seriously. I hope that this article is helpful in securing your property while not on it and understanding steps you can take to keep people from intruding.

LETTER FROM ZOHEY CHAMBERS, submitted by Gaynell Crews

You Never Know The Impact You Have

At our last LHRWC meeting we had many guests. Two of those guests were a friend, Sara and her daughter Zoey. These are very special people to many of us and Zoey has shown an interest in politics and government for some time. Zoey is also editor of the high school newspaper.

After attending our meeting and meeting Sheriff Lamb, she wrote this article.

With her permission, I share with you.

As a 17 year old in America there is one specific thing I look to and prepare myself for when I turn 18. Voting. I have never been super locked into politics but I know enough to decide what party I stand with. I feel that no matter what party you stand for you should love your country and want what's best for it. I also feel it comes with respecting it all around, such as standing up for the pledge of allegiance. I grew up saying the pledge in school, sporting events, etc., however I have seen it less and less, and seen people say it less and less, and seen people stand for it less and less. Until just recently I attended a meeting at the Republican Women's Group luncheon in my home Lake Havasu City, and who knew this city could have only felt more like home after that meeting. I have only thoughts and comments of positivity after attending the luncheon. Everyone there was so friendly, educated, and humorous. The pledge of allegiance was the first thing we started the meeting with, and the moment the president of the group announced it, I was already astonished to see large numbers of people and every single one of them stand within a second. But what absolutely took my breath away was the moment everyone opened their mouth to repeat the pledge; to hear every single person repeat each and every word with meaning took my breath away. I almost wanted to cry because of how good it felt to be in a room full of people who cared about their country just as much as I did. Little did I know at the time, the meeting was only going to get better. Sheriff Mark Lamb is running for Senator in the upcoming election and spoke as a guest speaker during the meeting. I had already heard of and read about him in the past, so as soon as I saw him approach the crowd I was beyond thrilled. The second I walked over there to introduce myself I immediately became fond of him as soon as I shook his hand. I could already tell he was genuine by the way he smiled at me and took his cowboy hat off to respect me as I greeted him. We had a small conversation; I told him a little about me and my journalism class and hoped to become a reporter or politician in the future. After the conversation he was called up to the front of the room to talk to the people, and let me tell you it was a speech to remember. And here is the shocking yet most wonderful part about it: it's like he was just talking to us. Most speeches that I have heard so far in my life felt boring, insignificant, and spoke to me just as if I was just trying to be won over, nothing else. But not Sherriff Mark, it was true, genuine, caring, and just like a normal conversation, except the room was so quiet the only things you could hear was Mark talking and the tapping of utensils as everyone slowly ate their lunch, not taking their eyes or ears off of him. He was all around amazing from his personality to his perspective on everything. He truly has a vision and a plan to make America great again. After he was done speaking I wanted to be a part of making a difference more and more for this country like him, and to continue journalism, maybe even as a career. During and after the Luncheon I was even more inspired to become a part of the Republican Women's Group along with all of the educated and intelligent women amongst Lake Havasu.
